Pre-Season Gala Day Team Nominations

Overage Junior Player Process

A reminder CNW has recently developed a process for application of overage junior players that clubs can now use. Clubs are to fill out the below Survey Monkey with the relevant information about the player, as well as reasoning for application. CNW will then review these applications and provide clubs with feedback.

APPLY HERE: <https://www.surveymonkey.com/r/NMDY27V>

Major reasoning for overage players is the players skills and ability and the benefit to their development as cricketers that an extra year in a lower age group would provide, but also includes clubs ensuring they can provide appropriate opportunities for kids to play cricket, having the player numbers to fill sides, and players being close to the age cut-off dates.

Applications will remain open throughout the season, so clubs can apply mid-season if they believe is necessary.

Don't forget about the big picture items!

As we kick off and move through the cricket season it is very easy to lose sight of the big picture with so many things on the go! To assist in preventing this, we encourage all clubs to ensure that every committee meeting agenda features a strategic item for discussion. This may be in line with junior cricket, female cricket, using technology better or many other things. No idea is a bad one and jumping into a healthy discussion about growing or maintaining the club long term is a brilliant way to see success. Cricket Tasmania is always here to assist fuelling conversation so don't hesitate to contact James Jennings to air out some ideas. As a guide for conversation, use your Club Development Funding Letter which outlines a great list of items that will assist your club into the future.
